

**Board of Trustees
Minutes
January 11, 2011**

Just a few notes on our last meeting. Dick reminded me that I used to recap what we discussed in our meetings. So here goes. I probably didn't make notes on everything.

As we decided meeting before last, our meetings will start at 8:30 AM. Please make a note of this, I have.

Wayne making a survey of what lights we need to keep on hand and what to do with the old lights which have burned out.

A survey of the exit and emergency lights was made by Emil, Rollie and I to see what batteries & bulbs need to be replaced. Rollie is looking into where we can find them.

We investigated the wet spots in the ceiling in Pastors office. It appears to be a roof leak, not a condensate problem. I have contacted the roofing company.

Friday the 14th around 2 PM we will get together to put out all the boxes for Saturdays Christmas decoration dismantling. You should all be there on Saturday if possible at 8 AM to assist with taking them down.

Dick Rittmaster volunteered to open at 10 AM for the Friday Celebration of Life at 11 AM. We (those who work Friday afternoon) will lock up.

Ray and Dick volunteered to repaint the red fire curbing. They could use some more help. Don't be bashful, let either of them know you want to help. This should take place when it gets a little warmer.

Yours in Christ,

Bob Mansfield
